

# You chose to use a Google Earth polygon but...

You have **no** Google Earth polygons inside your folder  
.../LULCC/InVector\_GCS/

Please create and save at least **one** polygon (in .kml format) using Google Earth. Check the user manual for instructions on how to do this.

You must save the .kml file into  
.../LULCC/InVector\_GCS/

Ultimately, please email [aghilardi@ciga.unam.mx](mailto:aghilardi@ciga.unam.mx)
